Elkhorn Veterinary Clinic
2022
Equine Wellness Program

262-723-2644 ♦ elkhornvet.com

Every horse deserves great preventive care.
Epecially yours!

The Elkhorn Veterinary Clinic Equine Wellness Program is an easy and affordable means of providing preventive care to your horse. As veterinarians, we feel strongly about the value of preventive medicine and its role in keeping your horse healthy. Each service provided in our Equine Wellness Program has been carefully selected to assure that your horse receives the highest quality essential preventive care available to help him or her stay healthy.

Traditionally, wellness plans have consisted of vaccinations and dentistry. We've gone beyond those plans and included biannual health exams and nutritional consults to give us the opportunity at early identification and intervention of potential health problems. These exams have an added advantage of allowing us to get to know your horse's normal vital signs and temperament.

Our wellness program continues to work for you in the event your horse suffers an illness, injury, or lameness. Enrollees are eligible to receive 10% off of all imaging such as x-rays and ultrasounds, laboratory testing, and veterinary exams.

2022 Wellness Program Fee \$485.00

*Lock in prices
and save 25% on the following:*
